## SILENT-YACHTS appoints new exclusive dealer in Asia Pacific

News

**SILENT-YACHTS is expanding its presence in the Asian market by signing an agreement with Asiamarine.**

As SILENT-YACHTS' exclusive dealer in Singapore, Hong Kong, and Thailand, Asiamarine will provide access and service to the company's full range of solar-powered catamarans for clients in the region.

According to **Eric Noyel, Founder and CEO of Asiamarine**, “SILENT-YACHTS has pioneered and championed this now key segment of alternative powered catamarans for close to 20 years, gaining incomparable experience and developing reliable and performing solutions. We are proud to have been chosen to accompany them in this exciting development. We expect the solar electric catamarans to be a huge success in Southeast Asia. Our clients are increasingly sensitive to the environmental challenges.”

With over 15 years of experience in the boating industry, Asiamarine prides itself on being the trusted, exclusive dealer of luxury yachts from leading brands across the globe. The addition is a major step forward and further establishes the group as a central player in the Asia Pacific region.

Asiamarine also represents Fraser in those territories. The larger SILENT-YACHTS models bring sustainability and eco-consciousness to the superyacht segment.

*We are pleased to have such a reputable company as our partner in a very promising yachting region,” says **Michael Köhler, CEO of SILENT-YACHTS.** “We are excited to work together and bring sustainable yachting to Asia.”*

Asiamarine and SILENT-YACHTS are set to take part in the Singapore Yacht Show from April 27-30, 2023.

SILENT-YACHTS has 28 solar electric catamarans under construction in two production sites, including the flagship SILENT 120 Explorer, with the order book filled until 2024.
