SILENT TENDER SERIES

Marking the beginning of a range of fully electric tenders, the SILENT Tender Series perfectly complements the experience on board of our solar powered catamarans. Following the same philosophy as our yachts, it was developed with a strong focus on being spacious, lightweight and highly efficient. Powered by an advanced jet propulsion system, the rigid and durable carbon fibre prepreg hull is surrounded by a distinct stripe of rubber coating.

SILENT TENDER ADVANTAGES

High performance carbon fibre prepreg hull.
Light, stable, easy planing.

Powerful jet drive.
Safe operation, easy to handle, able to beach.

Arrow shaped boat design.
Class-leading seating space for numerous guests.

Type 2 connector.
Quick charging via SILENT yacht or port.

Bow with deep V.
Fast cruising in rough seas.
